Simos, et al., "Dyslexia-specific brain activation profile becomes normal following successful remedial training", Neurology 2002; 58: 1203-1213.

Copies of foreign applications and the prior art references are included with this document. Pursuant to the waiver published in the Pre-OG Notice, dated July 11, 2003, no copies are provided herewith of U.S. patents cited. No representation is made or intended that a prior art search has been made or that no better art than the listed is available. It is respectfully requested that the information be considered by the Examiner and made of record in the present application.

The Commissioner for Patents is authorized to charge any deficiency or credit any overpayment to Frost Brown Todd LLC Deposit Account No. 06-2226.

Respectfully submitted,

Kalford C. Fadem
